# 2025 BLAVATNIK AWARDS FOR YOUNG SCIENTISTS IN ISRAEL

 **Program:** Blavatnik Awards for Young Scientists in Israel

 **Mission:** Honor Israel's most outstanding and innovative young faculty-rank scientists and engineers

 **Categories:** Life Sciences, Physical Sciences & Engineering, and Chemical Sciences

 **Awards:** Three Laureates, US\$100,000 each in unrestricted funds, paid directly to Laureate, one in each category

## ELIGIBILITY

The nominee must:

- Have been born in or after 1983\*.
- Hold a doctoral degree (PhD, DPhil, MD, DDS, DVM, etc.).
- Currently hold a faculty position at an invited institution in Israel.
- Currently conduct research as a principal investigator in one of the disciplinary categories in Life Sciences, Physical Sciences & Engineering, or Chemical Sciences.
- **The Blavatnik Awards strongly encourages the nomination of women and other underrepresented groups in science and engineering.**

\* Age limit exceptions will be considered in exceptional circumstances upon a detailed written submission from the nominating institution.

## LIMITED SUBMISSION

- Candidates must be nominated by their institution. **Self-nominations are not allowed.**
- Each institution may submit up to **nine nominations**, three in each disciplinary category of Life Sciences, Physical Sciences & Engineering, and Chemical Sciences.
- Nominations must be submitted using the online nomination system.

## NOMINATION MATERIALS

- Nominator's **Rationale for Nomination** (200 words).
- Nominee's **Curriculum Vitae**.
- Nominee's **Research Summary** (1,000 words).
- **Full-text publications and/or patents** representing the nominee's work (up to 4).
- Names and email addresses for two letter writers.

## EVALUATION CRITERIA

Nominees and their work **as independent investigators** will be evaluated according to the following criteria:

- **Quality:** The extent to which the work is reliable, valid, credible, and scientifically rigorous.
- **Impact:** The extent to which the work addresses an important problem and is influential in the nominee's field.
- **Novelty:** The extent to which the work challenges existing paradigms, employs new methodologies or concepts, and/or pursues an original question.
- **Promise:** Future prospects in the nominee's field and potential for further significant contributions to science.
